

How do we share the products/biz?

Maybe you're thinking "Okay, I might know some people BUT I don't know anything about gut health, the science behind it, or what to say!"

The best part is, you don't have to be an expert or know ANYTHING! I sure didn't! We have SIMPLE systems in place to help you quickly and easily share more info with those who are interested. Should someone comment on a post you make or text you want more info about what you're taking, you simply connect them to your sponsor in a chat and she will show you how we share!

You're not on your own at all. We literally do it for you at the beginning so you can watch and learn how easy it is to do, and so you can do it on your own after the first few people. They order directly from our website with YOUR referral link, which is amazing because we don't have to carry inventory (or host parties, thank the LORD), deal with shipping, returns, or any of that stuff! Plexus does that all for us!

We also have great systems in place to support YOU! We have team calls once a week in the evening, an awesome team page you get added to full of training and the top tips to learn the basics and build a successful business, and we also have mentorship calls you can book whenever you need one! We have amazing servant-hearted leaders several layers up, so you will get support, encouragement, and lots of gifts/cards from multiple people with whom you reach biz goals! We care about YOU reaching your goals, not the other way around. We are here to SERVE YOU and help you make whatever it is YOU want, and whatever pace YOU want to take it! You are the CEO of your biz, we are just here to cheer you on and support you!
